Steps CIC.

Enabling people to reach their full potential

STEPScic was established in 2011 and was the first of its kind to be set up in the borough of Wigan. We provide opportunities for both male and female adults with a learning disability.

Our site in Wigan is located at Ashland House and has good public transport links. Recently refurbished with a bright, modern interior, Ashland House has a spacious hallway that leads to a large kitchen and dining room, a social room with pool table, a fully equipped art room, a hairdressing salon and relaxation room.

Our site in Golborne is a fully equipped wood workshop that is located at Golborne Enterprise Park. We have created a work environment with all the facilities and equipment required to enable individuals to access a real life work experience. Individuals are able to develop practical woodwork skills as well as developing knowledge and understanding of health and safety.

We would love to hear from you
