Wigan, WN2 2DX

Opening Hours:
Monday - Friday
9:00am - 4:00pm

At STEPScic, we support adults with learning disabilities grow in independence through a personalised journey tailored to your needs and aspirations.

- You're at the centre of everything we do. We focus on your goals, your choices, and meaningful progress.
- Take part in a wide range of practical, hands-on activities, including both accredited and non-accredited courses.
- Our trained staff deliver well-structured, high-quality sessions with consistent monitoring of your development.
- There are no time limits. As your goals evolve, so does your support - helping you move forward at your own pace.
- We collaborate closely with you, your carers, and your support network to shape a journey that truly reflects who you are and where you want to go.
- Your development is regularly reviewed to keep you on track and celebrating every milestone.

Our Ethos

We are a forward-thinking, professional service that celebrates individual achievement and growth. We believe everyone deserves the best opportunities to thrive, develop their skills, and reach their full potential.
